Chair, Department of Technology

Re: Program Change Plan, School of Applied Engineering and Technology

Faculty in the Department of Technology voted via secret ballot on the proposed program change plan to establish the School of Applied Engineering and Technology. Votes were opened and recorded on Tuesday, April 24, 2018, with faculty in the Department of Technology present.

The ballots read as follows: "I approve of the program change plan pertaining to the proposal to establish the **School of Applied Engineering and Technology.**"

Yes – 5  
No – 0  
Abstain – 0

As Chair of the Department of Technology, I support the decision of the Faculty in their approval of the proposed School of Applied Engineering and Technology.
